AI-First Product Owner | Product Management | Product Strategy

Bengaluru, India | ishavelankar99@gmail.com | linkedin.com/in/isha-velankar | behance.net/ishavelankar

PROFESSIONAL SUMMARY

AI-first product owner with 3+ years across product management, strategy, design and analytics in travel tech. Own Unravel's Sports vertical end to end, from launch to sprints to funnel metrics. Use AI daily to prototype, research, write requirements and analyse user behaviour.

SKILLS

- **Product:** Product Management, Product Ownership, B2B Products, Growth and Experimentation, A/B Testing, Roadmapping and Prioritisation, Agile and Scrum, Sprint Planning, Product Requirements Documents (PRDs), Acceptance Criteria, Success Metrics and KPIs, Go-to-Market, Stakeholder and Vendor Management
- **AI:** AI Prototyping and Frontend Development (Claude Code, Replit), AI Research and Competitive Benchmarking, AI-Assisted Behaviour Analysis, Claude, ChatGPT, Gemini, Manus AI
- **Research and analytics:** User Research, Qualitative Research, Usability Testing, Funnel Analytics, Conversion Optimisation, Apache Superset, Mixpanel, Google Analytics 4 (GA4), Microsoft Clarity, Jira, Figma

PROFESSIONAL EXPERIENCE

Product Designer (Product Owner, Sports Vertical) | Unravel, Bengaluru | Jun 2025 – Present

Core travel platform: white-label products for multiple enterprise clients

- Drove conversion initiatives (room selection, multi-room, Price Safeguard, payments) and guided A/B tests with the Growth team, contributing to an 18% revenue increase.
- Pinpointed booking drop-offs in behavioural data and initiated abandonment emails to win back users, helping cut abandonment by 13%.
- Introduced Microsoft Clarity company-wide and built an AI-assisted insight framework on it, shifting reporting from metrics to behaviour, friction and revenue impact.
- Shaped the travel journey for a UAE airline partner, directing user research and an external design agency to lift engagement and conversion.

Sports Vertical: built from 0 to 1 (2026 – Present)

- Built Unravel's Sports vertical from 0 to 1 and launched it live with a Saudi insurance partner (Jul 2026); first bookings are completed and a UAE bank is next in rollout.
- Led engineering, design, Quality Assurance (QA), suppliers and client stakeholders end to end, building the product AI-first with Claude to go from idea to working product faster.
- Now scaling the platform: refocused the roadmap on traffic after launch data showed it was the growth blocker, and designed automated content upkeep and funnel tracking.

Creative Strategist | Digital ROI, Pune | Dec 2024 – Jun 2025

- Designed conversion-focused landing pages, helping lift lead generation by 32%.
- Shaped Meta and Google campaign strategy from competitor, market and audience research, helping grow qualified leads by 20%.
- Improved campaign performance by iterating ad creatives on results, using AI to test more variations faster.
- Led a team of designers, keeping creative output aligned with campaign goals and brand standards.

Product Design Consultant (Freelance) | Afrikindness, London | Jun 2024 – Nov 2024
- Surfaced usability and accessibility issues across multiple NGO websites through UX audits, with prioritised recommendations for improvement.
- Turned user needs and organisational goals into product concepts and creative initiatives that supported the organisation's long-term vision.

UX/UI Designer | Hummingbirds Web Solution, Pune | Nov 2021 – Dec 2022
- Designed 35+ website templates across industries, helping drive an 18% increase in platform downloads.
- Improved usability and engagement on client websites by redesigning them around user research, behavioural insights and stakeholder feedback.
- Delivered multiple client projects with cross-functional teams, balancing user needs, business goals and technical constraints on time.

EDUCATION

Master of Science (MSc), User Experience Design | Birmingham City University, UK | 2023 – 2024
- Merit; Distinction for dissertation. Specialised in human-computer interaction (HCI), user research, accessibility and augmented and virtual reality (AR/VR).

Bachelor of Commerce (B.Com), Entrepreneurship | Symbiosis College, Pune | 2018 – 2020
